

# FUSION PMC FALL NEWSLETTER

- With holiday shopping right around the corner, consider having your packages delivered to a secure location. If you aren't available to be home to sign for a package, have items delivered to your work, your community/nearby parcel locker, or even friends and family.
- Gourds, pumpkins and pine cones are tried and true fall decorations. You can make a simple centerpiece for your kitchen table, island or coffee table with a bowl, a few gourds, and a pine cone or two.
- Fall-scented bath essentials like shower gel, bathroom spray, and hand soap can be fun ways to bring fall vibes into your bathroom. Some handmade bar soaps are made with fall-themed dried fruits or herbs, which may provide aromatherapeutic benefits. Ideas can be found at [OneCrazyHouse.com/diy-fall-scents](http://OneCrazyHouse.com/diy-fall-scents)
- The days get shorter, so consider adding some small lamps or accent lighting. Tea and string lights are an easy and inexpensive way to add a little light and sparkle to different areas of your apartment.
- Go ahead, try that pumpkin spice-flavored food item — we won't judge. Better yet, buy some apple cider or a fall-flavored tea. Fill your fruit bowl with autumnal produce.
- If you have a ceiling fan, reverse the direction of the blades from counter-clockwise to clockwise. (Warm air rises, and clockwise-spinning blades push it back down.)
- Start taking a Vitamin D supplement. We get most of our Vitamin D from the sun, so a lot of our intake decreases during the fall/winter seasons.

Did you know plumbing clogs are one of the top maintenance issues that are preventable? Keep these "no flush" tips in mind.

# DO NOT FLUSH

No wipes of any kind should not be flushed. They belong in the garbage bin.

Feminine hygiene products may be labeled "flushable" but instead should be thrown away.

Dental floss binds with other waste when flushed, creating large clumps that block pipes.

Medicine, diapers, paper towels, needles and q-tips are other examples of other items that should be discarded in the trash, not flushed.
